Copyright transfer. In consideration of the acceptance of the above work for publication, I do hereby assign and transfer to Japanese Academy of Sports Dentistry all rights, title, and interest in and to the copyright in the above-titled work. If any changes in authorship (order, deletions, or additions) occur after the manuscript is submitted, agreement by all authors for such changes must be on file with the JASD. An author's name may be removed only at his/her written request.

Author responsibilities. I attest that:

1. The manuscript is original work without fabrication, plagiarism, or fraud.
2. The manuscript is not currently under consideration elsewhere and the research reported will not be submitted for publication elsewhere unless a final decision is made that the manuscript is not acceptable for International Journal of Sports Dentistry.
3. I have made a significant scientific contribution to the study and I am thoroughly familiar with the primary data outlined in the manuscript.
4. I have read the complete manuscript and take responsibility for the content and completeness of the final submitted manuscript and understand that if the manuscript, or part of the manuscript, is found to be faulty or fraudulent, I share responsibility.

Conflict of interest disclosure. All institutional or corporate affiliations of mine and all funding sources supporting the study are acknowledged. Except as disclosed below, I certify that I have no commercial associations (eg, consultancies, patent-licensing arrangements, equity interests) that might represent a conflict of interest in connection with the submitted manuscript.

Experimental procedures in humans and animals. International Journal of Sports Dentistry endorses the principles embodied in the Declaration of Helsinki and insists that all investigations involving human beings reported in International Journal of Sports Dentistry articles be carried out in conformity with these principles. Authors reporting on their experimental work in humans or animals should also cite evidence in the Method and Materials section of the article that this work has been approved by, respectively, an institutional clinical/human experimentation panel or an institutional animal care and use panel (or equivalent).

Signature of each author is required in the same order as on the manuscript title page. (Fax signatures, multiple forms are acceptable.)
