

The 10th Annual Meeting of the Federation of Dental Anesthesiology Societies (FADAS²⁰¹⁷) provides the comprehensive communication chances for Dental Anesthesiologists to share how to develop Dental Anesthesiology not only in Asian countries but also in the world. By sharing the history and current clinical and basic issues of Dental Anesthesiology in Japan, China and Korea, attendants could in-depth experience “Special needs in Dentistry” with the viewpoints of Dental Anesthesiology.
