In this case, once the Boxer selects one National Federation, this Boxer shall not enter any AIBA Approved Event as a participant of the changed National Federation for three (3) years.
- 2.1.5. For the determination of the three (3) years period, AIBA shall develop a database of all Boxers to trace their competition records. Any Host Federation and Organizing Committee should be able to send the final entries to AIBA in order to receive a confirmation on the nationality and eligibility status of any Boxer prior to any competition. However, until the database is completed, the nationality shall be checked through the passport, Boxer's Competition Record Book and/or membership card and/or any previous AIBA Approved Event results.
- 2.1.6. Prior to the competition, the AIBA HQs Office shall confirm the nationality and eligibility of the Boxer. However, during the competition, any dispute will be resolved by the Technical Delegate and then will be ratified by the AIBA HQs Office.

For all boxing competitions including AIBA Controlled and Approved Events such as World Championships, Olympic Games, World Cup, President's Cup, Continental Championships, Olympic Qualifying Events and Confederation Controlled and Approved Events, only one Boxer per Weight Category per country shall be allowed to compete.

The International Competition Record Book is valid if it is completely filled in, up to date and the annual Medical Examination is not older than one year.
- 2.3.1.2. On each day the Boxer will be required to box, the Boxer shall be certified as fit to compete by a qualified Doctor of Medicine who shall be approved by the National Federation under whose jurisdiction the competition is taking place, or during the Olympic Games, World Championships, World Cup, President's Cup and AIBA Challenge Matches, by the AIBA Medical Commission.

- 2.3.5. Referee Stop Contest - Head blow (RSCH) - The Referee will indicate to the Jury members and Judges to annotate the score with "RSCH" when the Referee has stopped the contest as a result of a Boxer being unable to continue due to blows to the head. 'RSCH' is a term to be used only when a Boxer is being saved from a Knock-Out after having received hard head blows making the Boxer defenseless and incapable of continuing (the term RSCH is not to be used when a Boxer is simply outclassed and is receiving too many scoring hits without scoring).
- 2.3.6. Protective Sanitary Measures
 - 2.3.6.1. One Knock-Out or RSCH - A Boxer who has been knocked out or given an RSCH decision as a result of head blows during a contest or wherein the Referee has stopped the contest due to the Boxer having received hard blows to the head making this Boxer defenseless or incapable of continuing, shall not be permitted to take part in competitive boxing or sparring for a period of at least 30 days after the Boxer has been knocked out or given an RSCH decision.
 - 2.3.6.2.  - 2.3.6.3. Three Knock-Outs or three RSCH - A Boxer who has been knocked out as a result of head blows during a contest or wherein the Referee has stopped the contest due to the Boxer having received hard blows to the head making this Boxer defenseless or incapable of continuing three times in a period of 12 months, shall not be allowed to take part in competitive boxing or sparring for

a period of 360 days from the third Knock-Out or RSCH.

- 2.3.6.4. Each Knock-Out suffered as a result of a head blow and each RSCH must be recorded by the Medical Jury in the Boxer's International Competition Record Book.
- 2.3.6.5. If a Boxer has been knocked out or received a severe head blow which results in a bout being terminated, the Ringside Doctor will classify the seriousness of the concussion and prescribe the medical restriction period as follows:
 - 2.3.6.5.1. In the event of no Lost of Consciousness (LOC), a minimum restriction of 30 days
 - 2.3.6.5.2. In the event of LOC for less than one (1) minute, a minimum restriction of 90 days
 - 2.3.6.5.3. in the event of LOC more than one (1) minute, a minimum restriction of 180 days
 - 2.3.6.5.4. Any Boxer who suffers a second LOC within three (3) months of a first LOC will have the previous medical restriction doubled
 - 2.3.6.5.5. Any Boxer who suffers three (3) LOCs within 12 months will be suspended for a minimum of 360 days from the date of the third LOC
 - 2.3.6.5.6. Any Boxer who has a medical restriction must not train or spar during the restricted period.
- 2.3.6.6. All protective measures should also apply if a Knock-Out and/or concussion occurs during training or anywhere else. The Coach shall be responsible to report to the National Federation.
- 2.3.6.7. If one Boxer is knocked-out by a blow after "break" or "stop" and is counted "out", the win by disqualification does not permit this Boxer to continue boxing in the competition.
- 2.3.6.8. Injured Boxers may be restricted from boxing at the discretion of the Medical Jury.
- 2.3.6.9. Boxers returning from RSCH – Knock-Out injuries must receive clearance in writing from their national medical commission and inform the AIBA HQs Office before returning to box.
 - 2.3.6.9.1. If the country does not have any national medical commission, the clearance should be required from the AIBA Medical Commission.

2.4. WSB Boxers in AIBA Competitions

- 2.4.1. All WSB Boxers shall be allowed to participate in the Olympic Games and Olympic Qualifying Events at all levels as well as to designated important events.

- 3.1.3. Accreditation Card - The Boxer should prove his/her registered status in a competition by presenting a valid accreditation card.

RULE 4. MEDICAL EXAMINATION

- 4.1. At the time fixed for the Weigh-In, the Boxer must be considered as fit to compete and examined by a Physician appointed by a member of the Medical Jury before being weighed-in. With a view to ensure a smooth running of the Weigh-In, the Technical Delegate may decide to begin the Medical Examination at an earlier time. The Chairperson of the Medical Jury can select local or Team Doctors to assist with the duties of the Medical Jury only for the Medical Examination.
- 4.2. At the Medical Examination and Weigh-In, an up-to-date Competition Record Book with correct information must be presented by the Boxer. This Competition Record Book must be signed and/or stamped by the Secretary General or Executive Director of the Boxer's National Federation, where the requisite entries shall be made by the Officials in charge. If a Competition Record Book is not presented by the Boxer at the Medical Examination and Weigh-In, this Boxer shall not be allowed to compete.
- 4.3. Gender Test - For AIBA Approved Events, a gender test can be done.

RULE 5. WEIGH-IN

In AIBA Approved Events, when the number of entered Boxers exceeds 300 after the final entry deadline is closed and for the Olympic Games, the General Weigh-In may be organized no more than 24 hours prior to the Medical Examination of the first competition day based on the Technical Delegate's decision.
- 5.1.3. In any case, the time from the end of the General Weigh-In to the start of the first bout should not be less than 6 hours. The time from the end of the Daily Weigh-In to the start of the first bout of the remaining days of competition should not be less than 3 hours.

The Technical Delegate reserves the right to relax this condition, if unavoidable circumstances occur and after consultation with the Chairperson of the Medical Jury.

- 5.1.4. The Weigh-In shall be conducted by Officials authorized by the Technical Delegate. A Team Official of the National Federation of the Boxer may be present at the Weigh-In; however, and in any circumstance, the Team Official is not allowed to interfere in the process of Weigh-In.

- 5.1.5. For the General Weigh-In, the registered Boxer's weight should not exceed the maximum of the Boxer's weight class nor be below the minimum of the Boxer's weight class. The weight registered at the General Weigh-In on the first day decides the Boxer's weight class for the entire competition, but this Boxer will still be required to weigh-in each day on which this Boxer is due to box in order to ensure that the actual weight on that day does not exceed the maximum of the Boxer's registered weight class.
- 5.1.6. Scale - The weight is the one shown on the scale, the body being naked except for a swimming suit or underwear. When necessary, the Boxer may take off the underwear on the scale only. Electronic scales may be used. Trial scales used at the tournament and official Weigh-In scales have to be of the same manufacturer and of the same calibration.
- 5.1.7. The Weigh-In must be conducted by Officials of the same gender.

RULE 6. SUBSTITUTION OF BOXERS AT GENERAL WEIGH-IN

- 6.1. A Boxer will be allowed to be present at the official scales only once at the first Medical Examination and General Weigh-In. The weight recorded on that presentation is final.
- 6.2. It is permissible, however, for the Team Official of the National Federation of any Boxer who has failed to make the weight category at the General Weigh-In to enter this Boxer thereupon for the higher or lower Weight Category for which this Boxer is qualified if such National Federation has a free place in that Weight Category, and the General Weigh-In is not yet closed.
- 6.3. It is also permissible for a National Federation to substitute one Boxer for another at any time up to the close of the Medical Examination and General Weigh-In provided that in any competition where reserves are permitted, the substitute Boxer has been entered as reserve for that Weight Category, or any other Weight Category.
- 6.4. This rule is only applicable for open Championships where reserved Boxers are permitted.
- 6.5. All other cases of substitution shall be finalized the day before the General Weigh-In.

At least one Team Official of each participating Delegation must attend the Official Draw.
- 7.3. However, subjected to Rule 5.1.2., the Official Draw shall be held one day before the competition.
- 7.4. A computerized draw system is to be used in all AIBA Approved Events, except for the Olympic Games and World Championships where a manual draw may be conducted. In case the computerized draw system is not working, a manual system can be used.
- 7.5. Possible Re-Draw - In any case, until the last Weight Category draw is completed, if there is any mistake or unavoidable circumstance taking place, the Technical Delegate has the right to order that weight draw to be done again.
- 7.6. Byes - In the event there are more than two Boxers, a sufficient number of byes shall be drawn in the first series in order to reduce the number of Boxers in the second series to 2, 4, 8, 16 or 32.

Boxers drawing a bye in the first series shall box in the second series, but in the order in which they were drawn.

- 7.7. The Technical Delegate must ensure, where applicable, that no Boxer shall box twice in the competition before all other Boxers of the same Weight Category have boxed at least once. In special situations, the Technical Delegate has the right to relax this rule.
- 7.8. Bout Schedule - At the Olympic Games, World Championships and Continental Championships, the bout schedule should be arranged in the order of weights so that in each series, the lightest weights will be run off first and thereafter in order of weights up to the heaviest weights in that series followed by the lightest weights in the next series, and so on. In arranging the schedule of the Semi-Finals and Finals of these Events, the wishes of the Organizing Committee may be accommodated by the Technical Delegate, as long as the results of the draw are not called into question.
- 7.9. Seeding Procedure – It shall respect the seeding procedure for the Draw Ceremony (i.e. Appendix E) and be in accordance with the World Ranking Guidelines (i.e. Appendix D).

RULE 8. DURATION AND NUMBER OF ROUNDS

- 9.3. Win by Referee Stopping Contest (RSC)
 - 9.3.1. Outclassed - RSC is a term used to stop a bout when a Boxer is outclassed or is unfit to continue. If a Boxer, in the opinion of the Referee, is being outclassed or is receiving excessive punishment, the bout shall be stopped and the opponent shall be declared the winner.
 - 9.3.2. RSC Injury
 - 9.3.2.1. If a Boxer, in the opinion of the Referee/Doctor, is unfit to continue because of injury sustained from correct blows or other action or is incapacitated for any other physical reason, the bout shall be stopped and the opponent declared the winner by RSC. In the case where Boxers are injured at the same time, the Boxer with the higher score shall be declared the winner.

- 9.3.2.2. The right to make this decision rests with the Referee who may consult with the Medical Jury.
 - 9.3.2.3. When a Referee calls a Doctor into the ring to examine a Boxer, only these two Officials should be present. No other person should be allowed into the ring or on the apron.

 - 9.5.3. - 9.6. Win by Knock-Out
 - 9.6.1. If a Boxer is “down” and fails to resume boxing after this Boxer is counted out to ten, the opponent shall be declared the winner by Knock-Out.
- 9.7. “No Contest”
 - 9.7.1. A bout may be terminated by the Referee inside the scheduled distance owing to some material happening outside the responsibility of the Boxers, or the control of the Referee, such as the ring becoming damaged, the failure of the lighting supply, exceptional weather conditions, etc. In such circumstances, the bout shall be declared “No Contest” and in the case of Championships, the Technical Delegate shall decide the necessary further action.
- 9.8. Win by Walk-Over
 - 9.8.1. When a Boxer is present in the ring fully attired for boxing and this Boxer’s opponent fails to appear after having been called out by the public address system, the bell has sounded and a maximum period of one minute has elapsed, the Referee shall declare the first Boxer to be the winner by Walk-Over. The Referee shall first inform the Competition Jury and then shall summon the Boxer to the center of the ring and after the decision is announced, raise this Boxer’s hand as the winner.
 - 9.8.1.1 No medal shall be awarded to a Boxer who has not boxed at least once within the entire competition period.
- 9.9. Decision in Case of a Draw

- 9.10. Incidents in the Ring outside the Control of the Referee

- 9.10.1. If something happens that does not allow the bout to continue within one minute after the bell has rung for the beginning of the first, second, or third round (in case of 4 round bouts), e.g. power failure, the bout shall be stopped and the Boxers will box again in the last bout of the same session.
- 9.10.2. If the incident occurs in the last round of a bout, the contest shall be terminated and the Judges are asked to give a decision as to the winner of the bout.
- 9.10.3. If the bout cannot be resumed to box at the end of the same session, it will be moved to the beginning of the next session before the original schedule. If the next session is on the following day, the Boxers shall be weighed and medically examined again for the bout.

9.11. Protests

- 9.11.1. A protest shall be submitted by the Team Leader or by the person having the highest position in the Team Delegation no later than 30 minutes after the completion of the bout. Any protest shall be against the decision(s) of the Referee and/or Judges of the bout.
- 9.11.2. The protest shall be made in writing and handed to the Chairperson of the Competition Jury specifying definitive and clear reasons for the protest.

- 9.11.4. The Chairperson of the Competition Jury has the right to refuse the protest(s). In the case where the protest is accepted by the Chairperson of the Competition Jury, the evaluation shall be conducted only by members of the Competition Jury involved in the bout and immediately after the session is completed. The Chairperson of the Competition Jury shall inform the result of the evaluation and report to the Technical Delegate immediately. The Technical Delegate will immediately inform both Team Leaders verbally and thereafter in writing but no later than the Weigh-In and Medical Examination of the next day.
- 9.11.5. A video recording of the protested bout(s) will be used to analyze the bout(s) in all AIBA Approved Events.
- 9.11.6. A protest during the Finals of a competition should be notified within 5 minutes of completion of the bout.
- 9.11.7. In the case of a protest during the Finals of a competition, the Award Ceremony will be postponed until the results of the evaluation are announced.

RULE 10. AIBA SCORING SYSTEM

- 10.1. The AIBA Scoring System shall be used in competitions at all levels including all AIBA and Confederation Approved Events and National Events.
- 10.2. In case the AIBA Scoring System is being used, no Judges' score sheets shall be kept. All information required for making up decisions is recorded by the computer and, at the end of the contest, printed out automatically.

10.3. If the AIBA Scoring System becomes defective, the procedure shall be as follows:

The Chairperson of the Competition Jury shall stop the bout for one (1) minute. If, during that period the system cannot be repaired, the score at the time of the breakdown will be saved and the five (5) Judges shall use handheld scoring devices and record the bout for the rest of its duration on scoring paper.
